

Scottish Country Dancing: The traditional ballroom dance form of Scotland.

The Royal Scottish Country Dance Society, based in Edinburgh, was founded to preserve this joyful social dance tradition.

Capital Weekend 2014
College Park, MD

But it's not just for Scots. People enjoy Scottish Country Dancing in 170 branches and many more groups worldwide.

Dancers in sets of three or more couples work together to dance a series of formations to driving reels, jaunty jigs, or elegant strathspeys.

Couples change for each dance, so there's no need to bring a partner.

It's fun and social, and a great way to make friends, stay active, and enjoy wonderful music. All you need is soft soled shoes and a smile. Beginners are always welcome!
